The St. Matthias Parish Pastoral Council (PPC) has established a subcommittee to help gather information about who we are as a Parish. The first phase of this process is to update our Parish directory in an effort to give the PPC the most accurate representation of our parishioners, thus aiding us in serving you better. The second and third phases will follow with a Parish questionnaire and outreach to the greater community.

Your help with the first phase by filling out the information for your family on the reverse of this card is greatly appreciated. You may return this card in the collection basket; through the mail to the Parish office; or in person to the Parish office.

Thank you for your support in this undertaking,

St. Matthias PPC Communications Ministry
